

*TBT (Throw Back Thursday!)

Those of you who saw yesterday's blog post will realise we've been a tad preoccupied of late. So this morning as I was following our zombie like early morning routine, it took me quite by surprise to see a tiny white flower standing proudly underneath our apple tree. It feels like we've lived in this house forever-but of course moving in in May meant that we missed last winter here and therefore we had no idea that the previous owner appears to enjoy snowdrops just as much as me.

#TBT – Snowdrops ☐

I've always wanted to have my own snow-drop display so I'm off to work a happy bunny indeed ☐

If like me, the first sign of snowdrops are enough to put a spring in your step then see our post below from last year about where to see a fabulous display.
